BRETT MILLER

5140 Meadow Ln Macungie, PA 18062 | (610)-573-8910 | brett.miller47@yahoo.com | github.com/BrettMiller47

Highly motivated self-starter and quick learner seeking an engaging role with learning opportunities.

Pennsylvania State University

Aug 2016 - May 2020

Bachelor of Science in Supply Chain Management & Information Systems Certificate in Real Estate Analysis & Development 3.6 GPA

Danaher Operations Leadership Program

June 2020 – June 2022

Two-year rotational program consisting of four rotations through different business functions of Pall Corporation's filter manufacturing plants.

Materials – Data Gathering, Analysis, and Distribution

- Drove the development of a leading On-Time Delivery metric which provides 8 weeks of production visibility.
- Proactively used VBA to automate an inventory reporting tool and reduce the report's creation time by 3 hours.
- Collaborated with stakeholders to create a Heijunka production schedule to level-load inventory and increase production efficiency.

Quality – Root Cause Analysis and Welder Qualification Management

- Utilized 8D reporting, lot file reviews, and destructive analysis of returned goods to identify and resolve quality failures with a total failure reduction of 84%.
- Reverse-engineered a third-party software for managing welder qualifications to save \$1,500 annually and provide expanded user access.

Value Stream Leader (Supervisor) – Receiving Department

- ❖ Managed three shifts of material handlers and \$11M of inventory.
- Coordinated the storage methods to mitigate the risks associated with storing material throughout production floors, warehouse racking, weather restricted shipping containers, and an externally rented warehouse.
- Controlled material allocation to the third-party warehouse saving \$11,500 (-88%) of the budget over 13 weeks.

Danaher Business System Leader – Project Manager and Process Improvement

- Project manager for a manufacturing line transfer with a \$1.3M orderbook from Timonium, MD to Deland, FL.
- Facilitated multiple successful Kaizen events to improve daily management practices, workflow throughout the production cell, reduction of unnecessary WIP, and cross-functional goal setting.

University of Denver

July 2022 – Oct 2022

Certificate in Full-Stack Web Development

Full-time coursework covering HTML5, CSS3, JavaScript, jQuery, Express.js, React.js, Node.js, progressive web apps, agile methodology, computer science, database theory, MongoDB, MySQL, Git

Additional Programming Foundations

- MERN full-stack project development via GitHub and Heroku in a collaborative team environment.
- Regular Expressions
- API utilization
- SQL, MySQL, and Sequalize
- Beginner knowledge of Python, C++, and R

Excel VBA and Power Query: Advanced knowledge

- Opening and closing files, copying array formula spill ranges, input boxes, User Forms, etc.
- Joins, anti-joins, merging queries, transforming, adding columns, etc.
